TECHNICAL SKILLS

- Machine Learning
- Python
- HTML, CSS
- Javascript
- Cloud Computing
- MySQL
- Java
- PHP

LANGUAGES

- English
- Kannada
- Hindi
- Marathi

SKILLS

- Leadership
- Problem Solving
- Quick Learner
- Time Management
- Communication skills
- Critical thinking
- Team collaboration

SUMMARY

Ambitious MCA student seeking to engage with dynamic organizations that foster challenging opportunities for expanding professional knowledge and technical skills.

EDUCATION

Master of Computer Application

RNS Institute of Technology, Bengaluru

SGPA: 10

Bachelor of Computer Application

KLE Society's College of BCA, Belagavi

CGPA: 9.32

PUC

KLE Society's M P PATIL PU College, Raibag

PUC 1: 90%

PUC 2: 93%

CERTIFICATIONS

Explore Machine Learning using Python - Infosys Springboard

- Issued: July 2025
- Applied foundational machine learning concepts (supervised & unsupervised) using Python libraries (Pandas, Scikit-learn) to perform the complete workflow of data preprocessing, model training, and evaluation.

Google Cybersecurity Certificate - Google(Coursera)

- Issued: December 2023
- Completed an 8-course program to gain hands-on skills in core cybersecurity domains, including threat analysis, risk assessment, and incident response, using tools like Python, Linux and SQL.

PROJECT

Title: Full Stack CRUD Web Application

Built a responsive application using Next.js, TypeScript, and Tailwind CSS. Implemented dynamic UI components, form handling, and routing via the Next.js App Router. Ensured scalability with modular structure and maintained code quality with ESLint and TypeScript configs.
